

ENVALOPE - Design by 365° North

TECHNICAL SPECIFICATIONS

STRUCTURE INTERIOR

Frame made of solid wood and mdf with webbing spring system.

STRUCTURE PADDING

High resilient variable density polyurethane foam.

SEAT

High resilient polyurethane seat cushion with a wrap of down/feather & ball fibres in a downproof cambric divided into channels.

BACK

Down/feathers & ball fibres in a downproof cambric divided into channels.

COVER

Loose.

LEGS

Brushed stainless steel.

MAINTENANCE

We recommend shaking and fluffing-up the cushions regularly to maintain the shape. This should be done after removing the cushions from the structure for improved air circulation. For maintenance of fabric and leather, please contact your retailer.
